# When We're Together

I feel fine, all the time  
Just because you're mine

When we're together  
I'm gonna take you by the hand  
And make you understand  
That I would never  
No, I would never make you cry  
I'd never say goodbye

When we stand, hand in hand  
We're just feeling fine  
All my tears disappear  
And that's because you're mine

When we're together  
I know that everything's okay  
A picture perfect day  
Don't mind the weather  
No, we don't care if rain or shine  
Together we're just fine

When we're together  
Everything's alright  
Yeah, yeah, yeah,  
We make it better  
No, I would never lie  
Or make you cry, cause

When we're together  
Oh I am happy as can be  
That you are here with me  
I thought I'd never  
I thought I'd never feel this way  
The way I feel today

No, no, I've never felt this way  
The way I feel today

# Won't You Listen Now

Won't you listen now  
gotta tell you how I feel  
If you'd listen  
you would see my love is real

I would talk about  
those feelings deep inside  
I would tell you 'bout  
my love that I can't hide  
tonight

I'm sitting on a sofa  
with a pencil in my hand  
Writing down the things  
I'd like to say  
I wonder, should I call you  
to tell you what I feel  
or maybe I should wait  
another day, hey

Won't you listen now ...

Take your time, boy  
and listen what I say  
Once you're mine, boy  
you wouldn't want it any other way

So listen now ...

I would talk about ...

I'm sitting on a sofa  
with a pencil in my hand  
Writing down the things  
I'd like to say  
I wonder, should I call you  
to tell you what I feel  
or maybe I should wait  
another day, hey

Won't you listen now ...

I would talk about ...

Won't you listen now?

# This Boy Is Mine

He told me that he loved me  
I didn't have a clue  
Now I can see it in his eyes  
I know that it is true  
And if you ever wonder  
This is why I'm feeling fine  
This boy is mine  
This boy is mine

My mama said „Be careful“  
Just what all mothers say  
And papa said „Now listen, girl  
Don't throw your life away“  
But I've never been so sure of someone  
All along the line  
This boy is mine  
This boy is mine

My mama told me  
„You shouldn't give your heart away  
No need to hurry  
Darling, you've got time“

But when he holds me  
There's no need to worry  
I already know this boy is mine

He loves me like no other  
Like no other boy  
I know he's gonna treat me right  
And that's what I enjoy

And if you ever wonder  
Why I'm feeling so divine  
This boy is mine  
This boy is mine

My mama told me ...  
... I already know  
This boy will never let me go  
And I have never been so happy  
All the time  
This boy is mine

He told me that he loved me  
I didn't have a clue  
Now I can see it in his eyes  
I know that it is true  
And if you ever wonder  
Why I'm feeling so divine  
This boy is mine  
This boy is mine

I'm feeling fine  
This boy is mine

# I Don't Know Birds That Well

Here I sit, watching the sun  
As it slowly rises in the sky  
The air is clear  
The day has just begun  
Birds are singing  
As they're flying by

I know,  
I don't know birds that well  
But they always seem  
To sing about love  
I really wish that they could tell  
How it looks like  
How it looks like  
From above

Here I go, I'm on my way  
I am searching for a song  
That makes me smile  
The sun is high  
The birds are out to play  
They are singing  
And I listen for a while

Well I know,  
I don't know birds that well  
But they always seem  
To sing in harmony  
And it sounds to me  
As they would tell  
What it feels like  
How it feels like  
To be free

Now I sit, watching the moon  
And I think of all the love  
We try to hide  
The nightingale sings  
Its favorite tune  
It doesn't need to share  
Our foolish pride

Well I know,  
I don't know birds that well  
But they always seem  
To sing about love  
If we'd listen  
Maybe they could tell  
How it feels like  
How it feels like  
Up above

How it feels like  
How it feels like  
To be loved

# Dreams

I'd never give a dream away  
Not even for a day  
Won't let my life fade to grey  
No matter what they say

Orders, borders  
Will fade away  
But your dreams and my dreams  
Are meant to stay

I'd never give a dream away  
Not even for a day  
Won't let my life fade to grey  
No matter what they say

Kings' crowns, downtowns  
Will fade away  
But your songs and my songs  
Are meant to stay

I'd never give a dream away  
Not even for a day  
Won't let my life fade to grey  
No matter what they say

Experts, Sexperts  
What do they know  
But your love and my love  
Is meant to grow

I'd never give a dream away  
Not even for a day  
I wanna do it my own way  
No matter what they say

No matter what they say  
And I think, it's okay

# One More Time

There he stands,  
Looking in my direction  
Could it be that I've got his affection  
Could it be that he wants me to dance  
Then he gives me a sign  
Yeah, yeah, that's my chance

Then he walks across the room  
And my heart goes boom boom boom

Now I don't know what to say  
I don't have a clue  
I say "Hi, how howdoyoudodo?"  
I don't remember a phrase  
Not a single line  
I better stop  
And try it one more time

Here I am,  
Trying to make conversation  
Don't know what to say  
What an odd situation  
But I'm afraid  
That I can tell you how it ends  
'Cause whatever I say hey hey  
Doesn't seem to make sense

Yes, it seems like I am doomed  
While my heart goes boom boom boom

Now I don't know what to say  
I don't have a clue  
I say "I you and we we two?"  
I don't remember a phrase  
Not a single line  
I better stop  
And try it one more time

Why does my head start spinning  
When he's walking by  
Why do I keep on talking like a fool  
I don't know why I stumble  
Blush and act so shy  
While I keep on trying to act so cool

Yes, it seems like I am doomed  
While my heart goes boom boom boom

Now I don't know what to say  
I don't have a clue  
I say "Hey you, I lalalalove you"  
But don't remember a phrase  
Not a single line  
I better stop  
And try it one more time

# June

June, it has been so long  
Since my baby's gone  
Oh June, would you come along  
And bring my baby home

May was the time when I  
Had to say goodbye  
Oh June, would you come along  
And bring my baby home

Remember January  
When we first met  
And a beautiful February  
We'll never forget  
A perfect March and April  
But clouding up in May

Oh June, please come  
And take the rain away  
Oh June, please come  
And take the rain away

June, can you tell me why  
We had to say goodbye so soon  
Would you come along  
And bring my baby home

May you be kind to me  
Our love is meant to be  
Oh June, would you come along  
And bring my baby home

Remember January  
When we first met  
And a beautiful February  
We'll never forget  
A perfect March and April  
But raindrops fall today

Oh June, please come  
And take the rain away  
Oh June, please come  
And take the rain away

Oh June, please come  
And take the rain away  
Oh June, please come  
And take the rain away

Oh June, please come  
And take the rain away

# The Wide Wide Land

She's walking through her home town  
Where she used to live  
A long, long time ago  
She's walking day by day  
And seems to know exactly  
Where she wants to go

She looks across the country  
As if it's under her command  
There's nothing to remember  
There's nothing to pretend

The wide, wide land

Her words come in a language  
That keeps changing  
As the days are going by  
But it doesn't really matter  
'Cause she's talking  
With a twinkle in her eye

She doesn't seem to worry  
That no one else can understand  
And when you see her laughing  
You get to know her as a friend

The wide, wide land

She's losing all her memories  
Of faces that she used to know so well  
But still remembers all the melodies  
Of good old songs  
Whose names she cannot tell

She's singing with her eyes closed  
And you can almost hear the band  
If you could see her smiling  
I think you'd know what she meant

When she said  
The wide, wide land

# All About Falling In Love

She was on her own  
Always alone  
But she's never been lonely before  
She's lying in bed  
Resting her head  
And she feels like there's got to be more

Uhh, yes she knows what it takes  
To make her life feel alright  
But uhh, what a difference it makes  
If somebody stands by your side  
Uhh, why is it this way  
What can I say  
Is it all about falling in love

Girl, you better go  
There's someone  
Who's been waiting for you  
You already know

That there's got to be  
Somebody  
Treating you kind  
So maybe you'll  
Make up your mind

He's never been home  
Never alone  
And he's never been lonely before  
He's lying in bed  
Resting his head  
And he feels like there's got to be more

Uhh, yes he knows what it takes  
To get someone home for a night  
But uhh, what a difference it makes  
If somebody stays by your side  
Uhh, why is it this way  
What can I say  
Is it all about falling in love

# I Wanna Kiss You

I wanna kiss you  
No longer miss you

Oh can't you see what you've done  
You said you'll stay and now you're  
gone

Before you had to go  
I should have let you know  
That you will always be the only one

So won't you please come back home  
You know, our love is set in stone  
I wouldn't shed a tear  
If I would have you near  
Without you I am feeling so alone

I just wanna tell you that I want you  
Back in my arms  
No, I don't wanna live without you  
You know, I need my lucky charm

I wanna kiss you  
No longer miss you

I gotta say I was wrong  
No, I don't wanna be alone  
I just couldn't see

What you mean to me  
And that's the reason  
Why I sing this song

So won't you please ...  
I just wanna tell you ...

So if you ever hear this song  
Please come back home  
Where you belong  
Day or night  
I want you by my side  
I know that can't be wrong  
No, no, that can't be wrong  
Oh no, that can't be ...

I wanna kiss you  
No longer miss you  
I wanna kiss you  
Now!

# Nothing Is In Vain

There is sunshine  
There is sunshine  
There is sunshine  
There's sunshine after rain

There is pleasure  
There is pleasure  
There is pleasure  
There's pleasure after pain

No, I can't complain  
There's no one here to blame  
We'll never be the same  
'Cause nothing,  
Nothing is in vain

There's sunshine after rain

Can you tell me  
Can you tell me  
Can you tell me  
Can you tell me where to go

Did you ever  
Oh did you ever  
Did you ever  
Did you ever wanna know

No, no, I can't complain  
There's no one here to blame  
We'll never be the same  
'Cause nothing, nothing  
Nothing is in vain

There is pleasure after pain  
There is sunshine after rain

We are going  
We are going  
We are going  
We're going down the drain

Is there something  
Oh is there something  
Is there something  
There's something to explain

No, oh no no,  
No, no, I can't complain  
There's no one here  
there's no one here to blame  
We'll never be, we'll never be the same  
'Cause nothing, oh nothing  
Nothing, nothing, nothing is in vain

There is sunshine after rain  
There is pleasure after pain  
There's pleasure after pain

There is sunshine after rain  
There is sunshine after rain

There's sunshine after rain  
There's pleasure after pain

No, no, no, I can't complain  
There's no one here  
there's no one here to blame  
We'll never be the same  
'Cause nothing,  
oh nothing is in vain
